Notice of Carrier Change

April 20, 2017

Dear Valued BCN Telecom, Inc. Customer:

We are pleased to jointly announce that BCN Telecom, Inc. ("BCN") and Network Billing Systems, LLC ("NBS") have entered into a transaction and also wanted to clarify some points that may have been misinterpreted or caused confusion in connection with the insert in last month's bill. First, BCN is not changing its name or its brand and will continue to provide services to its other customers who are not part of this transaction under its own name, BCN Telecom. Second, in March, NBS entered into an agreement with BCN to acquire certain assets and accounts of BCN that have historically been supported by Technology Opportunity Group, LLC dba "BCN Solutions Express" and "Solutions Express" (an independent sales agent for BCN). The transaction is subject to applicable regulatory approvals following which your services will be provided under NBS's registered trade name "Solex" (as authorized), honoring all of your current contract terms with BCN.

Please rest assured that the transaction will not affect the services you currently receive from BCN. You will continue to receive your services with the same rates, features, terms, and conditions as you currently enjoy, while also gaining access to a full range of additional Solex telecommunications services.

Solex will automatically become your telecommunications provider upon final close and regulatory approval on or after June 1, 2017. This change will be completely seamless for you and you do not need to do anything in order for this to occur. Solex will take care of all the details and will be responsible for any change fees associated with transferring your account. However, it is important that you be aware of the following information. You are responsible for continued payment of your monthly recurring and usage charges throughout this period. Unless you have made arrangements on your own to switch your provider prior to the date that your services transfer to Solex, your account will be automatically transferred and your services contract assigned to Solex.

All preferred carrier freezes you may have had with BCN will be lifted for purposes of completing the transfer of your services to Solex and will then be reinstated by Solex. In the event you currently receive local services from an alternative provider other than BCN, you will need to contact your existing or new local service provider to reinstate your preferred carrier freeze. In addition any deposits or prepayments you may have paid to BCN will be transferred along with your account to Solex. Subject to the terms of your current contract, you have the option to select another provider. We value your business and we hope that Solex may continue to serve you. If you should choose another provider you will need to contact that carrier directly to arrange for that change prior to the transfer of your service to Solex. Please note it can take several weeks for a new carrier to make the switch and you may also incur service initiation fees from that provider such as service order, installations, and other similar charges associated with establishing a new service account.

In the event there are any changes to your services following the transaction they will be made in compliance with your contract, service terms and applicable federal and state regulatory requirements. Solex will be responsible for handling complaints filed, or otherwise raised, prior to or during the transfer of service process, along with all service and repair issues, or concerns related to your service.

Our mission is to continue to provide superior products and services to our customers. We want to thank you for your continued support. Welcome to Solex! We look forward to meeting all your long distance communication needs. If you have any questions or concerns regarding your service or this transaction you can contact Solex customer service at 800-585-6687.

Sincerely,

The Management Teams
